

Innovative Transport Solutions Earns National Cargo Bureau Certification for Securing Flat Racks

We are proud to announce that our Miami operations team has been certified by the National Cargo Bureau, Inc. (NCB) for securing flat racks, enhancing our ability to efficiently handle oversized cargo exports from Port Miami and Port Everglades. This certification highlights our commitment to safety and precision in cargo handling, ensuring compliance with industry standards.

At Innovative Transport Solutions, we offer full drayage and loading services for oversized cargo, supported by our 30,000-lb heavy lift capacity at our Miami warehouse. Whether you're shipping large equipment or specialized goods, our team is equipped to handle it with the utmost care and expertise.

With our new NCB certification, you can trust ITS to provide reliable and secure transport solutions for your oversized cargo needs.

Contact us today to learn more about our services and how we can help streamline your logistics.
